

While we were in class,
emperor penguins were leaping out of
the water; While she was studying,
the rose seal was lounging in the
sun; When he was stuck in traffic,
the great tail of the whale swung
in a **PERFECT CURVE**;

As you look at this poster,
snow and blue glaciers are
reflecting
**MAGICAL
LIGHT.**

At The
South Pole,
human beings are just
passers-by,
and nothing can be
taken away from
the South Pole
except **MEMORIES.**
Whatever you see here,
you will be
SHOCKED and
AWED.

WHEN TIME AND MONEY ARE NO LONGER MY OBSTACLE TO THE IDEAL PLACE,

INTO THE SOUTH POLE!

THEN WHAT REASON DO I HAVE NOT TO EXPERIENCE THE GRANDEUR AND BEAUTY OF THE WORLD?

We
don't
want to
wait until
OUR DREAMS
are past their
sell-by date before
trying to achieve
them.

Some things may not
be done **NOW** are unlikely to be done
IN THE FUTURE.
